WEBINARS

WEBINAR 1

A comprehensive guide to the UK education system and IELTS

Monday 21 February

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

Are you considering studying in the UK, but unsure where to start? This session will offer everything you need to know about studying in the UK!

From a range of topics such as the UK higher education system, types of institutions and courses, IELTS update, scholarships, to UK graduate prospects, representatives from Study UK, and the British Council IELTS provide the most up-to-date information and useful advice for you in 90 minutes.

Two student ambassadors of UK Council for International Student Affairs (UKCISA) and the 2018/19 IELTS Prize Winner (graduate of University of Cambridge) will also be on the panel to talk about what it is like to study as an international student in the UK. Expert tips on how to apply for the British Council IELTS Prize will also be revealed during the session.

Timetable

10.30 GMT	Webinar begins
10.30 - 11.15 GMT	The Complete Study UK Guide - Things you should know before you study in the UK <ul style="list-style-type: none">• Key facts you need to know about the UK's Higher Education by Amanda Zhang, The British Council Study UK• Studying and living in the UK by Anna So and Jie Fei Lau, Student Ambassadors, The UK Council for International Student Affairs (UKCISA)• Q&A (15 minutes)
11.15 - 12.15 GMT	<ul style="list-style-type: none">• British Council IELTS and its most recent updates by Alex Seward, The British Council IELTS expert• IELTS Prize Winner Sharing by Dillon Chew, M. Phil in Biotechnology, University of Cambridge• Q&A (15 minutes)

SPEAKER PROFILE

Amanda Zhou

Study UK Marketing Manager
The British Council Study UK

Amanda is currently the Study UK Marketing Manager, East Asia at the British Council. In this role she led Study UK B2B marketing plans to advise on business opportunities and deliver results for education business partners and provided education insights for students and their families, agents, and counsellors.

Anna So (Hong Kong)

UKCISA Student Ambassador
BSc (Hons) Biological and Biomedical Sciences
University of Dundee

Anna is a second-year student from Hong Kong studying Biological and Biomedical Sciences at University of Dundee. She hopes to develop her knowledge in how to influence policies and how different parties take part in making policies, which she sees as crucial knowledge for making positive change in her local communities.

Jie Fei Lau (Malaysia)

UKCISA Student Ambassador
MBCMB Medicine
University of Aberdeen

Jie Fei is from Malaysia and is a fourth-year medical student at the University of Aberdeen. She is interested to learn more about international students' access to healthcare and wellbeing services, and wishes to highlight how international tuition fees have been a long-standing obstacle for students from less economically developed countries to gain an overseas education.

Alex Seward

The British Council IELTS Expert

Alex Seward earned a Master's Degree in Literature & Linguistics from the University of Rochester, USA. Alex started working with the British Council in 2012 and for the past 10 years he has been a teacher trainer and academic manager for various schools throughout Vietnam.

Dillon Chew (Singapore)

2018/19 IELTS Prize Winner
M. Phil in Biotechnology, University of Cambridge

I'd like to share my academic life spent in the UK and my IELTS prep and ambassador journey in this session. I hope my stories could inspire you throughout your study abroad journey.

WEBINAR 2

Applying to a UK university of your dream – inside the system

Tuesday 22 February

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

Applying to study in the UK is a straightforward process. All you need to do is to submit a completed application form along with the required documentations through the Universities and Colleges Admissions Service (UCAS) system.

In this session, the Managing Director, UCAS International will first give you an overview of how to use the UCAS undergraduate (UG) admissions system and postgraduate (PG) student App to research and apply to higher education institutions in the UK.

Admissions managers from University of Bath and Regent's University London will then walk you through the application process for UG and PG courses in the UK respectively. They will also cover what admissions tutors look for in an application and how to write a standout personal statement; followed by the student sharing session.

There will also be time for you to ask our panel of experts any questions you have. Please have them ready!

Timetable

10.30 GMT	Webinar begins
10.35 – 11.30 GMT	Introduction to UK Application Process <ul style="list-style-type: none">• UCAS and Myriad by UCAS – Applying to UK HE by Des Cutchey, Universities and Colleges Admissions System (UCAS)• Applying to Competitive UK Universities by Siobhan Ralfe, University of Bath• Make Your Postgraduate Application Standout by Regent's University London• Q&A (10 minutes)
11.30 – 11.55 GMT	Students Sharing <ul style="list-style-type: none">• Rachael Tan (Singapore), BSc (Hons) Psychology, University of Bath• Robin Anderson (German), MA Media & Digital Communications, Regent's University London• Q&A (10 minutes)
11.55 – 12.15 GMT	Breakout Sessions <ul style="list-style-type: none">• Online Open Session: UCAS Clinic• Online Open Session: Studying at University of Bath• Online Open Session: Studying at Regent's University London

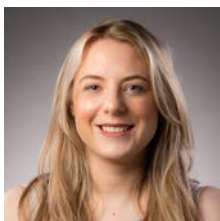

SPEAKER PROFILE

Des Cutchey

Managing Director of UCAS International

Des is currently Managing Director of UCAS International, and has worked in the UK higher education sector for a number of years within a University international office and at a Professional Qualification body.

Siobhan Ralfe

Undergraduate Student Recruitment Officer
International Office
University of Bath

Siobhan is responsible for undergraduate recruitment across South East Asia, the Middle East & Wider Europe. Joining Bath in 2019, she has since been focusing on providing support and guidance to international students throughout their application process.

Profile

Weiyang Hu

Regional Recruitment Manager
Regent's University London

I am the Regional Recruitment Manager from Regent's University London, and I look after the EA, SEA and UK regions. I am keen to offer support and advice to you, to help you successfully gain the place of study at the Regent's University London.

MEET OUR STUDENTS

Rachael Tan (Singapore)

BSc (Hons) Psychology
University of Bath

Hi, I'm Rachael, a final year BSc Psychology student from Singapore! I chose to study Psychology as I have always been interested in learning how and why others think and behave. This course also gave me the option to do a placement year, which I did in a private Psychology clinic in Singapore as a Trainee Psychologist. I am happy to answer any questions and look forward to speaking with you!

Robin Anderson (Germany)

MA Media & Digital Communications
Regent's University London

Hi, I am Robin, a current student at the Regent's University London. Regent's University London stood out to me because of its practical approach. I had guest lectures from people working at Google and all my professors would always know which topic I choose for the assignment seeing that the classes are not too big.

What I like about Media is how it connects and reaches different people and helps us to relive certain moments. It was my dream to study in London seeing that the City so diverse and there is always something going on (Oh and my love for Harry Potter). Regent's is a caring and inspiring community, and I cannot wait for you to join us!

WEBINAR 3

Bridge to Success: Exploring alternative pathways to UK higher education

Wednesday 23 February

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.00	17.30 - 19.00	18.30 - 20.00	19.30 - 21.00

If you wish to study at a UK university, it is helpful to know about the different entry routes that may be available to you.

The most common entry route for progression to UK universities is through successful completion of secondary education (for UG study) or tertiary education (for PG study) at your home country or globally. However, if you do not meet the academic or English language requirements set by the university that you wish to apply to, a pathways course can help you. These courses are provided by further education colleges, universities and in collaboration with private-sector pathway providers in the UK.

In this session, two pathways programme providers – INTO University Partnerships and ONCAMPUS will give you an overview about the UK's pathways programmes and how it can help international students improve their English skills and give them the confidence to start their undergraduate or postgraduate study. In addition, two of their star alumni are also invited to talk about why they chose to study a pathways course and their journey of getting into the dream universities.

Timetable

10.30 GMT	Webinar begins
10.35 – 11.15 GMT	Introduction to the pathways programme in the UK <ul style="list-style-type: none">• Exploring alternative pathways into UK higher education INTO University Partnerships• Introduction to Medicine and Life Science foundation programme in the UK ONCAMPUS, Cambridge Education Group• Q&A (10 minutes)
11.15 – 11.40 GMT	Students Sharing Self-growth & Discovery - How I got into the university of my dream <ul style="list-style-type: none">• Muanchan Uttavudhikorn (Thailand), International Foundation in Business and Economic, Society and Culture - progressed to BA Intercultural Communication with Business Management, University of East Anglia• Chan Mya Mya Khin (Myanmar), Medicine Foundation, ONCAMPUS, Cambridge Education Group• Q&A (10 minutes)
11.40 – 12.00 GMT	Breakout Sessions <ul style="list-style-type: none">• Online Open Session: Introduction to ONCAMPUS Pathways Programme• Online Open Session: Introduction to INTO Pathways Programme

SPEAKER PROFILE

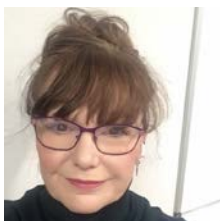

Anna Rechnio

Assistant Recruitment Director South East Asia/Indo China
INTO University Partnerships

Anna is the Assistant Regional Director for Southeast Asia and Indochina at INTO. She brings a varied 14 years of international education experience. Originally from Poland, and once an international student herself, she is passionate about supporting students to progress to their dream university.

Profile

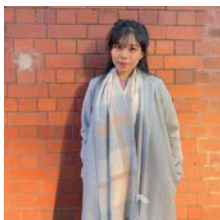

Lynda Hannam

Centre Director, ONCAMPUS UK North
Cambridge Education Group

Lynda Hannam is Centre Director of ONCAMPUS UK North having started with Cambridge Education Group in January 2010. With many years industry and education experience Lynda fully supports lifelong learning for both personal and economic development.

MEET OUR STUDENTS

Chan Mya Mya Khin (Myanmar)

Medicine Undergraduate Foundation Programme
ONCAMPUS, Cambridge Education Group

I am Chan from Myanmar and currently studying Medicine Undergraduate Foundation Programme at ONCAMPUS UK North. One of the reasons why I chose to medicine is because I really love kids and have always wanted to become a paediatrician. I look forward to seeing you in the webinar.

Muanchan Uttavudhikorn (Thailand)

International Foundation in Business and Economic, Society and Culture,
INTO UEA Campus

Hello everyone, my name is Pam. I studied at INTO UEA campus since 2014 and graduated in 2017. Come and join my session and ask me any questions that you may have. See you soon!

WEBINAR 4

Unlock your full potential – studying Business, Marketing and MBA in the UK

Thursday 24 February

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

In this session, academic speakers from Brunel University London, University of Exeter and City, University of London will introduce the UK's Business undergraduate degree and MBA programme such as Finance & Accounting, Digital & Social Media Marketing, and how this qualification leads you to a global career. What's more! A panel of current students will also be sharing their university lives and giving you insider information on what it is like to study as a Business student in the UK!

After the presentations, participating institutions will be providing further information about their schools, course offering, and scholarships opportunities etc. in individual Zoom breakout rooms. So, if you are planning to apply to any of the institutions, don't forget to get your questions ready!

Timetable

10.30 GMT	Webinar begins
10.35 – 11.30 GMT	Expert Panel Discussion <ul style="list-style-type: none">• Challenges and opportunities for investment profession by Professor Bill Peng, University of Exeter• Introduction to Branding: What is a brand by Dr Michael Heller, Brunel University London• Master and MBA options in the Heart of London by Jingshi Liu, City, University of London
11.30 – 11.55 GMT	Students Sharing A day in my life at my university <ul style="list-style-type: none">• Nicola Lai (Hong Kong), BSc (Hons) Marketing & Management, University of Exeter• Echo Xi (Mainland China), MSc Marketing, Brunel University London• Wanrong Xie (Mainland China), BSc (Hons) Business Management, Digital Innovation and Entrepreneurship, City, University of London
11.55 – 12.15 GMT	Breakout Sessions <ul style="list-style-type: none">• Online Open Session: Studying at Brunel University London• Online Open Session: Studying at City, University of London• Online Open Session: Studying at University of Exeter

SPEAKER PROFILE

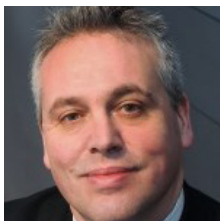

Professor Bill Peng

Associate Dean (MSc Programmes), Associate Dean (Global) (interim)
Associate Professor of Accounting and Finance
University of Exeter

Dr Peng manages a diverse and evolving portfolio of postgraduate-taught programmes. Before joining academia, Dr Peng worked in financial services audit and is CFA® charter holder. He currently teaches modules in Corporate Finance and has also taught Financial Accounting, Management Accounting and MSc dissertation modules. Bill's research interests are in market-based accounting and equity valuation.

Profile

Dr Michael Heller

Divisional Lead / Reader – Marketing in Business School
Brunel University London

Dr Michael Heller is a business and marketing historian whose main areas of research cover the history of office work, the history of company magazines and internal communication, the history of public communications, corporate communication, and corporate and product branding. His work has been published in the British Journal of Management, European Journal of Marketing, Enterprise and Society, Business History and other leading management and business history journals.

Profile

Jingshi Liu

Lecturer of Marketing
Bayes Business School
City, University of London

Jingshi is a lecturer of Marketing at the Bayes Business School, Faculty of Management. She teaches Digital Marketing and Social Media in the undergraduate and MBA programs, and has taught Technology and Marketing in the Master of Marketing, Strategy and Innovation program

Profile

MEET OUR STUDENTS

Nicola Lai (Hong Kong)

BSc (Hons) Marketing & Management
University of Exeter

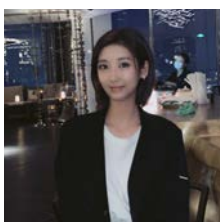

Hello, my name is Nicola Lai from Hong Kong. My biggest highlight at Exeter was receiving the call from Dyson informing me I got the placement offer. This was a really memorable moment for me because it was challenging applying for placements, working as the University's International Social Media Ambassador and Telephone Fundraiser, running a committee, completing group work and deadlines. I will be happy to share more details about this and answer any questions you may have at the event.

Echo Xi (Mainland China)

MSc Marketing, Class of 2015
Brunel University London

Hello everyone, my name is Echo. I'm a Brunel alumna and currently working in the UK. Studying Marketing helps me develop creatively as well as an analytic mindset. I look forward to seeing you at the session.

Wanrong Xie (Mainland China)

Year 3, BSc (Hons) Business Management, Digital Innovation and Entrepreneurship
City, University of London

Hi, my name is Wanrong Xie from China. I am currently a Year 3 student studying BSc (Hons) Business Management, Digital Innovation and Entrepreneurship at City, University of London. I will be talking about a typical day at my University and look forward to seeing you around!

A man with dark hair, wearing a dark sweater, is looking down at a small, white, humanoid robot. The robot has a round head with large eyes and a small body. The background is slightly blurred, showing what appears to be a workshop or laboratory setting.

WEBINAR 5

Unlock your full potential - studying Engineering, Technology and Science in the UK

Monday 28 February

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

In this session, speakers from the University of Hull, Liverpool John Moores University and the University of Portsmouth will introduce the UK's engineering, technology and science courses and how they provide the skills needed by the industry and enable students to cope with the future world. Moreover, a panel of current students will also be sharing their university lives and giving you insider information on what it is like to study in the UK!

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. So, if you are planning to apply to one of these institutions, don't forget to get your questions ready!

Timetable

10.30 GMT	Webinar begins
10.35 - 11.30 GMT	Expert Panel Discussion <ul style="list-style-type: none">• Science and Technology – developing specialists for the future by Dr Stuart McLelland, The University of Hull• Employability-driven Education by Dr Syed Naqvi, Liverpool John Moores University• The changing world of work in engineering and technology: what will this mean for our future jobs? by Professor Raymond Lee, University of Portsmouth• Q&A (10 minutes)
11.30 - 11.55 GMT	Students Sharing A day in my life at my university <ul style="list-style-type: none">• Xuanyuan Zhang (Mainland China), Mbiochem in Biochemistry with Industrial Experience, The University of Hull• Rakhshanda Huda (Bangladesh), BEng (Hons) Mechanical Engineering, Liverpool John Moores University• Jenifur Nahar (Bangladesh), MSc Engineering Management, University of Portsmouth• Q&A (10 minutes)
11.55 - 12.15 GMT	Breakout Sessions <ul style="list-style-type: none">• Online Open Session: Studying at The University of Hull• Online Open Session: Studying at Liverpool John Moores University• Online Open Session: Studying at the University of Portsmouth

SPEAKER PROFILE

Dr Stuart McLelland

Deputy Director of the Energy and Environment Institute
The University of Hull

Dr Stuart McLelland's research focuses on physical modelling of flow processes and sediment transport dynamics. He leads fieldwork teaching on volcanic geomorphology in Tenerife which he has been involved with for 20 years and he manages and delivers MSc teaching programmes for the Energy and Environment Institute.

[Profile](#)

Dr Syed Naqvi

Principal Lecturer (Associate Professor)
Faculty of Engineering & Technology
Liverpool John Moores University

Dr Syed Naqvi worked in the industry for almost two decades before starting his academic career in 2014. He is using his first-hand experience of industrial challenges in overseeing the design, development and delivery of employment-driven courses in the School of Computer Science and Mathematics at LJMU.

[Profile](#)

Professor Raymond Lee

Professor of Biomechanics and Associate Dean (Global Engagement)
Faculty of Technology
University of Portsmouth

Professor Lee has held various senior academic appointments in the UK and overseas. At Portsmouth, he is responsible for international academic partnerships and global engagement work. He is involved in research related to healthcare technology, wearable sensors, ageing and back pain. He has been invited to serve as panel members of research funding bodies.

[Profile](#)

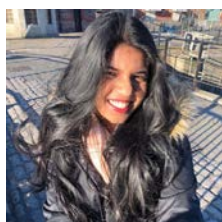

MEET OUR STUDENTS

Xuanyuan Zhang (Mainland China)

Year 4, Mbiochem in Biochemistry with Industrial Experience
The University of Hull

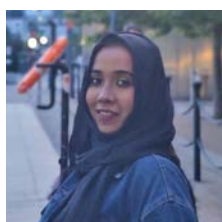

Hello, my name is Xuanyuan. I'm a final year student studying in Mbiochem Biochemistry with Industrial Experience at The University of Hull. I enjoyed both Chemistry and Biology during my high school year. I had an interest in genetic modified organisms which is an important topic in Biochemistry. While studying at Hull, I did a 13-months industrial placement at Smith and Nephew last academic year as Chemist.

Rakhshanda Huda (Bangladesh)

Year 3, BEng (Hons) Mechanical Engineering
Liverpool John Moores University

I'm Rakhshanda, and I'm an international student in the UK. I'm currently in my final year of Mechanical Engineering, and recently finished a year-long industrial placement. Feel free to ask me anything!

Jenifur Nahar (Bangladesh)

MSc Engineering Management, graduated in 2021
University of Portsmouth

Hello! I am Jenifur. My career goal is to be successful in the Technology world. I therefore decided to study a Master's degree course in Engineering Management in the UK. It helps me develop the expertise and skills to manage technological innovation across engineering industries. In this session, I'm going to tell you about my experience at the University of Portsmouth.

WEBINAR 6

Unlock your full potential - studying Computer Science and Game Design in the UK

Tuesday 1 March

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.30	17.30 - 19.30	18.30 - 20.30	19.30 - 21.30

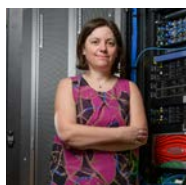

In this session, academic speakers from Cranfield University, the University of Exeter, Staffordshire University and the University of Teesside will introduce the UK's computer science and game design courses, development in the industry, and exciting opportunities for students both during and after their studies. Moreover, a panel of current and former students will also share insider information on what it is like to study computer science and game design in the UK.

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. You will be able to ask them any questions directly.

Timetable

10.30 GMT	Webinar begins
10.35 - 11.45 GMT	Expert Panel Discussion <ul style="list-style-type: none">• Computational Science and Engineering: Cross-disciplinary education and careers by Dr Irene Moulitsas, Cranfield University• Challenges & Opportunities: Careers in Computer Science by Dr Hugo Barbosa, University of Exeter• Code and Creativity: Careers in Computing and Games by Professor Christopher Headleand, Staffordshire University• Study and Career Options in Computer Science by Dr Gordon Marshall, Teesside University• Q&A (10 minutes)
11.45 - 12.15 GMT	Students Sharing A day in my life at my university <ul style="list-style-type: none">• Xiao Wen (Mainland China), MSc in Software Engineering for Technical Computing, Cranfield University• Brian Wong (Hong Kong), College of Engineering, Maths, and Physical Sciences, University of Exeter• Michael Ma (Hong Kong), Games Design, Staffordshire University• Patricia Rodriguez Castelo (Philippines), MSc Applied Data Science, Teesside University• Q&A (10 minutes)
12.15 - 12.30 GMT	Breakout Sessions <ul style="list-style-type: none">• Online Open Session: Studying at Cranfield University• Online Open Session: Studying at University of Exeter• Online Open Session: Studying at Staffordshire University• Online Open Session: Studying at Teesside University

SPEAKER PROFILE

Dr Irene Moulitsas

Senior Lecturer in Scientific Computing
Centre for Computational Engineering Sciences
Cranfield University

Dr Irene Moulitsas received her PhD in Scientific Computation from the University of Minnesota in USA and a BSc in Mathematics, with emphasis on Computational Mathematics, from the University of Crete in Greece. She joined Cranfield University in 2012 and is currently a Senior Lecturer in Scientific Computing and the Course Director for the MSc in Computational Software Techniques in Engineering. Irene's research has focused on developing novel algorithms for enabling the efficient execution of large scientific computations on parallel processing platforms. She has developed highly efficient serial and parallel algorithms, and software, that are publicly available for use. Her research work is published in highly selective conferences and international journals and her software packages are used extensively by numerous universities, research laboratories, and companies.

[Profile](#)

Dr Hugo Barbosa

Lecturer in Human Dynamics and Urban Systems
University of Exeter

Hugo Barbosa is transdisciplinary scientist whose focus is on data-driven methods and models to complex human behaviours and their interaction with social, economic and physical urban complex systems. He has a background in Computer Science and Engineering with large experience in bio-inspired computing, complex networks, machine learning, geospatial data analysis and agent-based modelling. He was a postdoctoral associate at the Physics and Astronomy Department of the University of Rochester, NY and is an alumni of the prestigious Santa Fé Institute Complex Systems Summer School.

[Profile](#)

Professor Christopher J. Headleand

Head of Games Design and Technology
School of Digital, Technologies and Arts
Staffordshire University

Professor Headleand is a Computing and Video Games academic with over 20 years' experience in a variety of teaching and learning roles. His research focuses on Virtual Reality, and Visualisation, and he is internationally recognised expert in student engagement. He was awarded a prestigious National Teaching Fellowship in 2021.

[Profile](#)

Dr Gordon Marshall

Associate Dean (International), School of Computing, Engineering & Digital Technologies
Teesside University

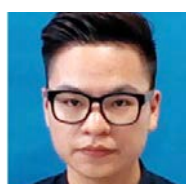

Dr Gordon Marshall is the Associate Dean (International) in the School of Computing, Engineering & Digital Technologies at Teesside University.

His first degree is Applied Mathematics from Dundee University which led on to PhD in Computational Fluid Dynamics at Teesside University, working with a global company designing and installing power stations. An avid learner by taking up MBA part-time which helped him develop a strategic view of higher education.

His current teaching covers modules in: Mathematics; Information Security & Cybercrime; Computer and Mobile Technologies; Network Architecture.

MEET OUR STUDENTS

Xiao Wen (Mainland China)

MSc in Software Engineering for Technical Computing, graduated in 2021
Cranfield University

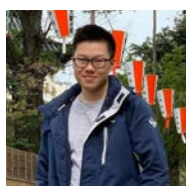

It is my pleasure to welcome you to the webinar. I chose to study at Cranfield because this course offers a unique insight into the development of computer applications across a wide spectrum of modern computing environments, from multi-core CPUs to specialist GPUs to cloud computing, all of which are relevant to the IT industry today. Here you will find valuable information about research, academic programs and career opportunities for computing students.

Brian Wong (Hong Kong)

College of Engineering, Maths, and Physical Sciences, graduated in 2021
University of Exeter

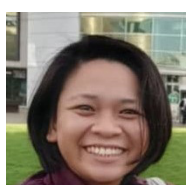

I am Brian Wong and recently graduated from University of Exeter. I grew up from Hong Kong and will be happy to share my learning experience in the UK with you in the webinar. See you around!

Michael Ma (Hong Kong)

Games Design, graduated in 2021
Staffordshire University

Hi, I'm Michael Ma, a recent graduate from Staffordshire University studying Games Design Programming. I have been awarded as TIGA UK Graduate of the Year in Computer Games Technology 2021. I look forward to meeting you virtually!

Patricia Rodriguez Castelo (Philippines)

MSc Applied Data Science, graduated in 2021
Teesside University

I am excited to share my experience studying this course at Teesside University and the reason for career change. I implore everyone to embrace change as I believe this is growth, be it professional or personal.

WEBINAR 7

Unlock your full potential - studying Life Science, Sport and Veterinary Medicine in the UK

Wednesday 02 March

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

In this session, academic speakers from the University of Leeds, the University of Portsmouth and the University of Edinburgh will introduce the UK's life science, sport and veterinary medicine courses and provide an insight into some of the do's and don'ts of getting a job. Moreover, a panel of current and former students will also share insider information on studying these courses in the UK.

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. So, if you are planning to apply to one of these institutions, don't forget to get your questions ready!

Timetable

10.30 GMT	Webinar begins
10.35 - 11.30 GMT	Expert Panel Discussion <ul style="list-style-type: none"> • Where could a degree in Veterinary Medicine take you? by Dr Gurå Bergkvist, the University of Edinburgh • Delivering life science graduates for the global workplace by Dr Ian Wood, University of Leeds • How to get a job in the business of sport by Dr Mike Rayner and Davey Blofield, University of Portsmouth • Q&A (10 minutes)
11.30 - 11.55 GMT	Students Sharing A day in my life at my university <ul style="list-style-type: none"> • Seonhu Jeon (South Korea), Bachelor of Veterinary Medicine and Surgery, University of Edinburgh • Yu De Chao (Singapore), MBiol Zoology, University of Leeds • Lok Hin Chan (Hong Kong), MSc Sport Management, University of Portsmouth • Q&A (10 minutes)
11.55 - 12.15 GMT	Breakout Sessions <ul style="list-style-type: none"> • Online Open Session: Studying at University of Edinburgh • Online Open Session: Studying at University of Leeds • Online Open Session: Studying at University of Portsmouth

SPEAKER PROFILE

Dr Gurå Bergkvist

Senior Lecturer, Director Student Recruitment and Admissions
University of Edinburgh

Originally from Norway, I graduated from the Royal (Dick) School of Veterinary Studies in 2003. After four years in mixed and small animal practice, I returned to the R(D)SVS to do a PhD in molecular oncology. I am currently a Senior Lecturer in veterinary anatomy, and Director of Student Recruitment and Admissions.

[Profile](#)

Dr Ian Wood

Pro-Dean for International
School of Biomedical Sciences
University of Leeds

Dr Ian Wood joined Leeds after studying at Imperial College, University College London and Scripps Research Institute at La Jolla. His research focuses on epigenetic contribution to ageing and Alzheimer's disease. I teach molecular neuroscience to all of our students, some of whom undertake their research projects as part of my laboratory.

MEET OUR STUDENTS

Seonhu Jeon (South Korea)

Year 1, Bachelor of Veterinary Medicine and Surgery
University of Edinburgh

Hiya! I am Seonhu and a first-year student studying veterinary medicine at the University of Edinburgh. I am really looking forward to sharing my experience and hope you guys find my advice helpful :)

Yu De Chao (Singapore)

Year 4, MBIol Zoology
University of Leeds

I am an Integrated Masters student passionate about sustainable livestock agriculture, disruptive technologies in food and feed, and currently working with insect proteins for my Masters. I chose MBIol Zoology initially because I was passionate about the environment and wanted my future to be involved with conservation efforts, particularly towards animals. With the current global climate crisis, many of us have taken an inclination towards this subject. In my presentation, I will be sharing how I started this journey and my student life at University of Leeds.

Lok Hin Chan (Hong Kong)

BSc (Hons) Sports Management and Development, 2015 - 2018
MSc Sport Management, 2018 - 2019
University of Portsmouth

Hi, this is Lok Hin from Hong Kong. Since studying both my undergraduate and postgraduate degrees at the University of Portsmouth, I have held numerous roles across the sports sector and currently a Project Executive for the Hong Kong Darts Federation. I will be happy to answer any questions that you may have. See you in March!

WEBINAR 8

Unlock your full potential - studying Creative Arts and Design in the UK

Thursday 03 March

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

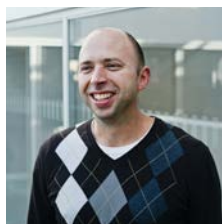

In this session, academic speakers from Norwich University of the Arts, University of Portsmouth and University of Warwick will introduce the UK's creative arts and design courses and paths to creative careers. Moreover, a panel of current and former students will also share insider information on studying in this field and living in the UK.

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. So prepare your questions and be ready for this interactive talk!

Timetable

10.30 GMT	Webinar begins
10.35 – 11.30 GMT	Expert Panel Discussion <ul style="list-style-type: none"> • Turning visual communication into a career by Martin Schooley, Norwich University of the Arts • Creativity as a Global Enterprise by Martin W. Andrews, University of Portsmouth • Studying Creative Arts, Performance and Visual Cultures in the UK by Dr Jonathan Vickery, University of Warwick • Q&A (10 minutes)
11.30 – 11.55 GMT	Students Sharing A day in my life at my university <ul style="list-style-type: none"> • Ardra Nair (Indian in Hong Kong), Fine Art, Norwich University of the Arts • Lidwina Ho (Hong Kong), BA (Hons) Interior Architecture & Design, University of Portsmouth • Yifan Zhang (Mainland China), Global Media and Communications, University of Warwick • Q&A (10 minutes)
11.55 – 12.15 GMT	Breakout Sessions <ul style="list-style-type: none"> • Online Open Session: Studying at Norwich University of the Arts • Online Open Session: Studying at University of Portsmouth • Online Open Session: Studying at University of Warwick

SPEAKER PROFILE

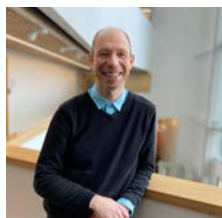

Martin Schooley

Graphics Course Leader
Associate Professor and Programme Director for Communication Design
Norwich University of the Arts

Martin Schooley is the Head of Graphics at NUA and has been involved in graphic design education for over 18 years. Martin's students have won over 80 awards from all the major national and international design competitions and found employment with some of the most high-profile design studios in the UK and abroad.

Profile

Martin W. Andrews, Architect (RIBA, ARB)

Associate Dean: Global Engagement & Education Partnerships
Faculty of Creative and Cultural Industries
University of Portsmouth

Martin is a Senior Fellow of the Higher Education Academy (SFHEA) and an Architect (RIBA, ARB). At Portsmouth, he is the Associate Dean of the Faculty of Creative and Cultural Industries - responsible for international academic partnerships and global engagement work. His research focuses on teaching and learning in Architectural Education.

Profile

Dr Jonathan Vickery

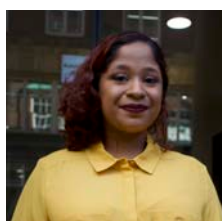

Director of the Centre for Cultural and Media Policy Studies
University of Warwick

Dr Jonathan Vickery is the Director of the Centre for Cultural and Media Policy Studies. As a student, he studied art, design and art history, and since he has been involved in a range of cultural projects, advising theatres, festivals and cities on culture and creative industries, and has helped young people 'start' up' creative businesses. He is aware of the need for courses that combine study with career-led skills.

Profile

MEET OUR STUDENTS

Ardra Nair (Hong Kong)

Year 2, BA (Hons) Fine Art
Norwich University of the Arts

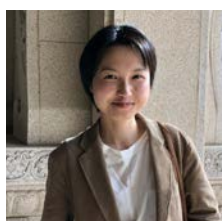

Hello, my name is Ardra. I am a Year 2 Fine Art student from Hong Kong and am aspiring to become an art therapist. I can help you figure out why NUA is the perfect university for you!

Lidwina Ho (Hong Kong)

BA (Hons) Interior Architecture & Design, graduated in 2018
University of Portsmouth

I'm Lidwina from Hong Kong who studied at the University of Portsmouth and has been working in the UK for over 6 years. Hope my experience will give you a prospective overview of life in and outside UOP.

Yifan Zhang (Mainland China)

Year 1, Global Media and Communications
University of Warwick

Hi, I am Yifan from Mainland China. I completed my Bachelor's degree course back home as a journalism student. I plan to further explore the area of communication and media as well as look for broader opportunities in the creative industry. I will talk about my experience of studying and living in the UK. See you around!

WEBINAR 9

Unlock your full potential - studying Humanities and Language Education (TESOL) in the UK

Wednesday 09 March

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.00	17.30 - 19.00	18.30 - 20.00	19.30 - 21.00

In this session, speakers from the University of Bath and The School of Oriental & African Studies (SOAS) University of London will introduce the UK’s Social Anthropology and MA TESOL courses, and how they help students to develop a range of transferrable skills that enhance their career options. Moreover, a panel of current students will also be sharing their university lives and giving you insider information on what it is like to study Humanities and Education (TESOL) in the UK!

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. So, if you are planning to apply to one of these institutions, don’t forget to get your questions ready!

Timetable

10.30 GMT	Webinar begins

SPEAKER PROFILE

Dr Trevor Grimshaw

Associate Professor in International Language Education
Department of Education
University of Bath

Trevor has 35 years' experience as a teacher, teacher trainer, translator, senior lecturer, researcher and consultant in many countries, including several years on British Council curriculum projects in China and Indonesia. His research focuses on intercultural communication and learning, language identities, and the marketization of English as an International Language.

[Profile](#)

Dr Jakob Klein

Senior Lecturer in Social Anthropology
SOAS University of London

Dr Jakob Klein is a Senior Lecturer in Social Anthropology at SOAS University of London. He conducts research in China on topics including regional cuisines, local foods, and food safety. He convenes a master's programme in the Anthropology of Food and is Chair of the SOAS Food Studies Centre.

[Profile](#)

MEET OUR STUDENTS

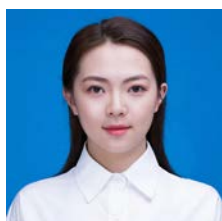

Fangfang Zhang (Mainland China)

MA in TESOL
University of Bath

Welcome! If you join the TESOL program, you can not only view English language teaching and learning from a more global perspective, but also deeply feel the romance of Bath.

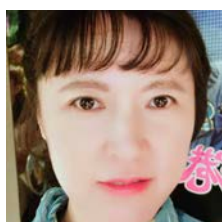

Haoyuan Zheng (Mainland China)

MA in TESOL
University of Bath

Welcome! I am excited you are interested in studying at the University of Bath and wish you all the best for your journey

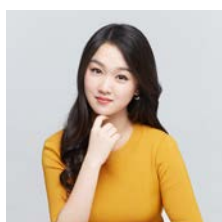

Luyang Liu (Mainland China)

MA in TESOL
University of Bath

Hello, everyone. I'm Luyang from China and I'm happy to share my learning experiences with you. Hope this webinar can offer you the information you need.

Juan Du (Mainland China)

MA Social Anthropology, graduated in 2018
SOAS University of London

Hi everyone! My name is Juan, I studied MA Social Anthropology at SOAS from 2018-2020. I'm delighted to be here today to share with you my studying experience at SOAS and how my SOAS experience benefits my current work.

WEBINAR 10

Ways to prepare yourself for a successful career before you graduate

Thursday 10 March

Country/ Territory	UK (GMT)	Indonesia (WIB) Thailand Vietnam	Mainland China Hong Kong SAR Malaysia Singapore Brunei Taiwan	South Korea Japan
Time	10.30 - 12.15	17.30 - 19.15	18.30 - 20.15	19.30 - 21.15

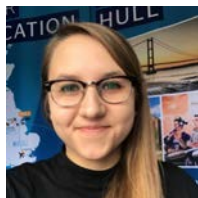

In this session, speakers from The University of Hull, the Brunel University London and the Nottingham Trent University will introduce the opportunities, employability activities and resources students can expect and the amazing support available to students in the UK. Moreover, a panel of current students will also be sharing their university lives and giving you insider information on what it is like to study in the UK!

After the presentations, participating universities will provide further information about their institutions, course offerings, scholarships opportunities, and other topics in individual Zoom breakout rooms. So, if you are planning to apply to one of these institutions, don't forget to get your questions ready!

SPEAKER PROFILE

Katy Brough

International Recruitment Manager, South East Asia and Europe
International Office
The University of Hull

Katy has been part of the Global Engagement team at the University of Hull for four years, and works to support students from across South-East Asia with their study journey to the University. After working in education for all of her professional career, Katy is passionate about sharing educational opportunities.

[Profile](#)

Calum Porter

International Recruitment Manager, East Asia
International Office
The University of Hull

Calum has over 5 years' experience of working with international students and partners from across the globe. During his own degree, Calum chose to leave the UK and study at an international university, giving first-hand experience of the fantastic opportunities (and also the challenges!) that you can expect during international study

[Profile](#)

Jonathan Bainbridge

Jonathan Bainbridge
Director of the Professional Development Centre
The Professional Development Centre
Brunel University London

Jonathan completed his postgraduate careers qualification at The University of Reading. He has worked in further education for 6 years as Careers Team leader, then spent 6 years at the University of Reading, where he was Head of Employer Engagement and acting Director of Careers and Employability. During which time the team won the NUE 'Best University Careers/Employability Service' Award 2018 in partnership with Henley Business School. Jonathan has been at Brunel for just under Three years and leads a team of 40, driving up positive employment outcomes for all students. During this time the team have been shortlisted for 5 national Awards as recognition of the innovative, engaging approach adopted by the service.

[Profile](#)

Chris Harwood

Careers Consultant for Nottingham Business School and
International Student Project Co-ordinator
Nottingham Trent University

Chris Harwood works for Nottingham Trent University as a Careers Consultant for Nottingham Business School and International Student Project Coordinator, supporting the employability needs of all students across the university. As Careers Consultant for NBS, Chris supports MBA, International Business, Accounting and Finance students. Chris project manages the Employability Workshop and Mock Assessment Centre programme for Employability, as well as chairing the Sustainability Task Group. Chris has been at Nottingham Trent University for over 3 years, following 15 previous years in secondary education in senior academic and pastoral roles.

MEET OUR STUDENTS

Xuanyuan Zhang (Mainland China)

Year 4, Mbiochem Biochemistry with Industrial Experience
The University of Hull

Hello, my name is Xuanyuan. I'm a final year student of Mbiochem Biochemistry with Industrial Experience at the University of Hull. I did a 13-months industrial placement at Smith and Nephew last academic year as Chemist. I will talk about how the University helped me secure this amazing opportunity and what benefits me the most throughout my placement year.

Aneurin Lau (Hong Kong)

Year 4, BA(Hons) Business Management and Marketing SW
Nottingham Trent University

Hello, this is Aneurin. I'm currently in my 4th year studying Business Management and Marketing at NTU. I hope you'll find my employability journey and tips useful!

Echo Xi (Mainland China)

Msc Marketing, Class of 2015
Brunel University London

Hello everyone and welcome to today's session, my name is Echo and I'm a Brunel alumna. Studying in Brunel helps me develop creatively as well as an analytic mindset.

INSTITUTION PROFILES

UNIVERSITY OF BATH

The University of Bath is a top 10 UK university. Located in South West England, Bath is about 90 minutes by train from London.

In addition to outstanding academic provision, there is plenty to get involved with outside of your studies, with over 200 clubs and societies and the Sports Training Village.

We are a UK research-intensive university offering all our students valuable study abroad or placements. This means you gain valuable work experience and makes you extremely employable upon graduation.

Our Courses

Bath offers a wide range of courses in different subject areas, including Engineering, Humanities, Management, Science, and Social science.

- Undergraduate study: www.bath.ac.uk/undergraduate-subjects-2022
- Postgraduate study: www.bath.ac.uk/topics/taught-postgraduate-study

The Faculty of Humanities & Social Sciences

The University of Bath is ranked in the top 10 in three UK league tables in 2022, with excellent connections to industry and a focus on creating 'work-ready' graduates. In the [Faculty of Humanities & Social Sciences](#), we offer a diverse range of undergraduate courses and a variety of taught and research-based postgraduate courses, from master's to doctorate qualifications. Choose a degree that suits your goals and learn from experts who are guided by world-leading research. Our subjects in Humanities & Social Sciences include:

- Economics
- Education
- Health, sport and exercise
- Languages
- Politics and international studies
- Psychology
- Social and policy sciences, including international development

CRANFIELD UNIVERSITY

We are at the heart of computational engineering science, developing computer simulations to solve complex physical problems where empirical enquiries or experimentation are not possible.

Using algorithm development, modelling and simulation enabled by high performance computing, we gain insight into complex problems in sectors ranging from aerospace and transport systems to financial modelling.

Our research and world-leading expertise in large-scale parallel computing, modelling and simulation is being used to develop and improve energy efficiency in aerospace, transport and motorsport applications; improve building design and reduce heating energy efficiency and consumption.

Our Courses

- **Computational and Software Techniques in Engineering MSc**
four specialist options:

- Computational Engineering Design
- Computer and Machine Vision
- Software Engineering for Technical Computing
- Computational Intelligence for Data Analytics

- **Aerospace Computational Engineering MSc**
- **Computational Fluid Dynamics MSc**

UNIVERSITY OF EXETER

The University of Exeter combines world-class research with excellent student satisfaction, from our campuses in the South West of England, in Exeter and Cornwall. We are one of the very few universities to be both a member of the Russell Group and have a Gold award from the Teaching Excellence Framework (TEF), evidence of our established international reputation for excellence in both teaching and research. Our success is built on a strong partnership with our students and a clear focus on high performance.

University of Exeter Business School

The University of Exeter Business School is proud to be among the 1% of the very best global institutions to gain Triple Crown accreditation from the three largest and most influential business school accreditation organisations worldwide: AACSB, EQUIS and AMBA.

The Business School is one of the UK's leading institutions, bringing together inspirational and internationally-respected business teachers from around the world in an environment that combines historical and intellectual heritage with modern facilities.

Our suite of Undergraduate & Masters programmes encompasses all areas of business and have been developed in consultation with industry partners and professional accreditation bodies to remain cutting-edge. Programme areas include:

- Accounting and Finance
- Business and Management
- Business Analytics
- Human Resource Management
- Economics
- Entrepreneurship
- FinTech
- Financial Analysis & Fund Management
- Marketing
- The Exeter MBA

College of Engineering, Mathematics and Physical Sciences

Computer Science at the University of Exeter is dedicated to teaching and supporting individuals within this advancing, dynamic subject to help them shape a better world. Our business-linked, research-led programmes explore the breadth of Computer Science and its applications, enabling our students to undertake valuable work experience and supporting their journey to fulfil their career ambitions.

THE UNIVERSITY OF HULL

The University of Hull is the 14th oldest university in England. We have a proud history of academic excellence and creating and inspiring life-changing research, all in a friendly student city.

97.9% of our international students go into work or further study within six months of graduating (HESA 2018) and we earned a silver award in the Teaching Excellence Framework (TEF 2018) which recognises excellence in teaching and learning in UK universities.

Our Courses

At the University of Hull, we offer a wide range of courses to help our students achieve their career aspirations:

- Accounting and Finance
- American Studies
- Biological and Marine Science
- Biomedical and Forensic Science
- Business and Management
- Chemical Engineering
- Chemistry
- Computer Science
- Criminology and Professional Policing
- Drama
- Earth Science
- Economics
- Education, Teaching and Childhood Studies
- Electrical and Electronic Engineering
- English and Creative Writing
- Environmental Science
- Film and Media Studies
- Game and Graphic Design
- Geography
- Health, Nursing and Midwifery
- History
- Law
- Logistics and Supply Chain Management
- Marketing
- Mathematics
- Mechanical Engineering
- Medical and Biomedical Engineering
- Medicine
- Music
- Philosophy
- Physics and Astrophysics
- Politics and International Studies
- Psychology
- Robotics and Artificial Intelligence
- Social Work
- Sociology

LIVERPOOL JOHN MOORES UNIVERSITY

We are a pioneering Faculty, dedicated to creating and communicating knowledge and opportunities to ensure that all of our students can excel within their chosen discipline. We offer courses and carry out research, enterprise and knowledge transfer across a diverse field, in areas ranging from computing and engineering to maritime studies, built environment and product design to mathematics. All students also benefit from our links with employers, our course accreditation and our commitment to supporting equality, diversity and inclusivity in STEM.

Our Courses

Undergraduate study

- Computer Forensics
- Computer Games Development
- Computer Science
- Computer Security
- Computing
- Mathematics
- Mathematics with Finance
- Software Engineering
- Architectural Engineering
- Architectural Technology
- Building Services Engineering
- Building Surveying
- Civil and Environmental Engineering
- Civil and Offshore Engineering
- Civil and Structural Engineering
- Civil and Transportation Engineering
- Civil Engineering
- Construction and Property
- Construction Management
- Quantity Surveying
- Real Estate
- Audio and Music Production
- Control and Automation Engineering
- Electrical and Electronic Engineering
- Marine and Mechanical Engineering
- Mechanical Engineering
- Mechatronics and Autonomous Systems
- Product Design Engineering
- Maritime Business and Management Top up Degree
- Nautical Science Top Up Degree
- Astrophysics
- Physics with Astronomy

Postgraduate study

- Artificial Intelligence (Machine Learning)
- Computer Science (Virtual and Augmented Reality)
- Computing and Information Systems
- Cyber Security
- Data Science
- Postgraduate research opportunities in Computer Science
- Civil Engineering
- Commercial Building Surveying
- Construction Project Management
- Project Management
- Quantity Surveying and Commercial Management
- Real Estate
- Water, Energy and the Environment
- Postgraduate research opportunities in the Built Environment
- Audio Forensics and Restoration
- Electrical Power and Control Engineering
- Embedded Systems and IC Design
- Marine and Offshore Engineering
- Sensors, Data and Management
- Wireless Communications
- Postgraduate research opportunities in Electronics and Electrical Engineering
- Astrophysics
- Postgraduate research opportunities in Astrophysics

ONCAMPUS, CAMBRIDGE EDUCATION GROUP

The Medicine Undergraduate Foundation Programme gives you the opportunity to apply for Year 1 of a number of Medicine degrees with our partner universities. Students who are successful on the Medicine Undergraduate Foundation Programme, and achieve the other prerequisites for entry such as a successful Multiple Mini Interview, may be able to progress to a five-year Medicine degree.

Students who successfully complete the Medicine UFP can also apply to a number of other Medicine-related degrees such as MPAS (Hons) Physician Associate Studies at UCLan and MPharm and Physiotherapy at RCSI.

UNIVERSITY OF PORTSMOUTH

The University of Portsmouth is a public university in the city of Portsmouth, Hampshire, England. It is one of only four universities in the South-East to be rated Gold in the Government Teaching Excellence Framework.

The University is a member of the University Alliance, and The Channel Islands Universities Consortium. The University offers a range of disciplines, including Pharmacy, International Relations, Mechanical Engineering, Mathematics, Paleontology, Criminology, and Criminal Justice. In the 2022 edition of the Good University Guide – compiled by The Times and Sunday Times – the university was ranked at 88 out of 132.

The Faculty of Technology

[The Faculty of Technology](#) at the University of Portsmouth educates students to participate in creating and applying contemporary knowledge and technological advances to make a difference.

We produce impactful research with practical applications through our collaborative partnerships with universities, research bodies and industry leaders. Each year, around 1,000 students graduate from our programmes, and they are making a big difference to the world, developing low-carbon solutions, building water treatment plants in developing countries, keeping the nation's data systems secure, etc.

Our courses

Undergraduate study

- Mathematics BSc (Hons) and MMath
- Mathematics for Finance and Management BSc (Hons)
- Mathematics with Statistics BSc (Hons)
- Physics BSc (Hons)
- Physics MPhys (Hons)
- Physics, Astrophysics and Cosmology BSc (Hons)
- Physics, Astrophysics and Cosmology MPhys (Hons)
- Science MRes
- Mathematics and Physics MPhil and PhD opportunities
- Logistics and Supply Chain Management MSc
- Computer Networks BSc (Hons)
- Computer Science BSc (Hons)
- Computer Science MEng
- Computing BSc (Hons)
- Creative Computing with Foundation Year BA/BSc (Hons)
- Cyber Security and Forensic Computing BSc (Hons)
- Data Science and Analytics BSc (Hons)
- Software Engineering BSc (Hons)

Postgraduate study

- Computer Network Administration and Management MSc
- Cyber Security and Forensic Information Technology MSc
- Data Analytics MSc
- Data Analytics MSc (with Professional Experience)
- Information Systems MSc
- Computing and Creative Technologies MPhil and PhD
- Property Development BSc (Hons)
- Quantity Surveying BSc (Hons)
- Building Information Management MSc
- Quantity Surveying MSc
- Real Estate Management MSc
- Construction Engineering Management BEng (Hons)
- Civil Engineering BEng/MEng (Hons)
- Advanced Manufacturing Technology MSc
- Civil Engineering MSc
- Construction Project Management MSc
- Quantity Surveying MSc
- Electrical and Renewable Energy Engineering BEng (Hons)/MEng
- Electronic Engineering BEng (Hons)/MEng
- Engineering and Technology with Foundation Year BEng (Hons)
- Mechanical and Manufacturing Engineering BEng (Hons)
- Mechanical Engineering BEng (Hons)/MEng
- Product Design and Innovation BSc (Hons)
- Electronic and Electrical Engineering MSc
- Electronic and Electrical Engineering MSc (with Professional Experience)
- Energy and Power Systems Management MSc
- Engineering Management MSc
- Mechanical Engineering MSc
- Petroleum and Gas Engineering MSc

The Faculty of Science and Health

[The Faculty of Science and Health](#) offers courses in environmental, health, and life sciences. Our students learn through a variety of methods – mixing practical, research and theoretical content alongside work placements, experimentation or simulations.

We support these courses by offering an excellent research and innovation base and with our professional and clinical practice. We also work in partnership with many other organisations – from Adidas to the Ministry of Defence – and our graduates have gone on to successful careers across many industries.

Our courses

Undergraduate study

- Biochemistry BSc (Hons)
- Biology BSc (Hons)
- Marine Biology BSc (Hons)
- Social Work BSc (Hons)
- Biomedical Science BSc (Hons)
- Pharmacology BSc (Hons)
- Pharmacy MPharm (Hons)
- Psychology BSc (Hons)
- Forensic Psychology BSc (Hons)
- Esports Coaching and Performance BSc (Hons)
- Sport and Exercise Psychology BSc (Hons)
- Sport and Exercise Science BSc (Hons)
- Sport, Health and Exercise Sciences (Dual Degree) BSc (Hons)
- Sports Management BSc (Hons)
- Sport Management BSc (Hons) (Top-Up)
- Dental Hygiene BSc (Hons)
- Dental Hygiene and Dental Therapy BSc (Hons)
- Engineering Geology and Geotechnics BEng (Hons)
- Geology BSc (Hons)
- Palaeontology BSc (Hons)
- Environmental Science BSc (Hons)
- Environmental Science and Management (Dual Degree) BSc (Hons)
- Geography BA (Hons)
- Geography BSc (Hons)
- Marine Environmental Science BSc (Hons)

Postgraduate study

- Biological Sciences MPhil and PhD
- Biotechnology MSc
- Applied Aquatic Biology MSc
- Medical Biotechnology MSc
- Health Sciences and Social Work MPhil and PhD
- Social Work MSc
- Forensic Psychology MSc
- Health Psychology MSc
- Sport and Exercise Psychology MSc
