

Foreign, Commonwealth  
& Development Office

# UK International Opportunities

British Embassy Bangkok

# UK Science and Innovation ambitions

**Global leader** in science, with right ecosystem for growth and investment

Tackle **global challenges** and drive innovation

Shape the **future of critical technologies** and promote positive and **secure use**

Enhance and foster connections between UK **international networks**

# Key S&T offers for international partners

International Science  
Partnerships Fund (ISPF)

[Funded by Department of  
Science, Innovation and  
Technology]

Other departments research  
funding opportunities

[FCDO, NIHR under  
Department of Health and  
Social Care, other  
academies and bodies]

Thematic engagement  
aligning with UK-Thailand  
interests and priorities

# International Science Partnerships Fund (ISPF)

*Research and  
innovation at the heart  
of our international  
relationships*

# ISPF objectives

Aligning with the UK's commitment to build strategic science partnerships, the Fund will

Deliver research and innovation that is only **realised by working internationally.**

**Tackle global challenges and develop future technologies**

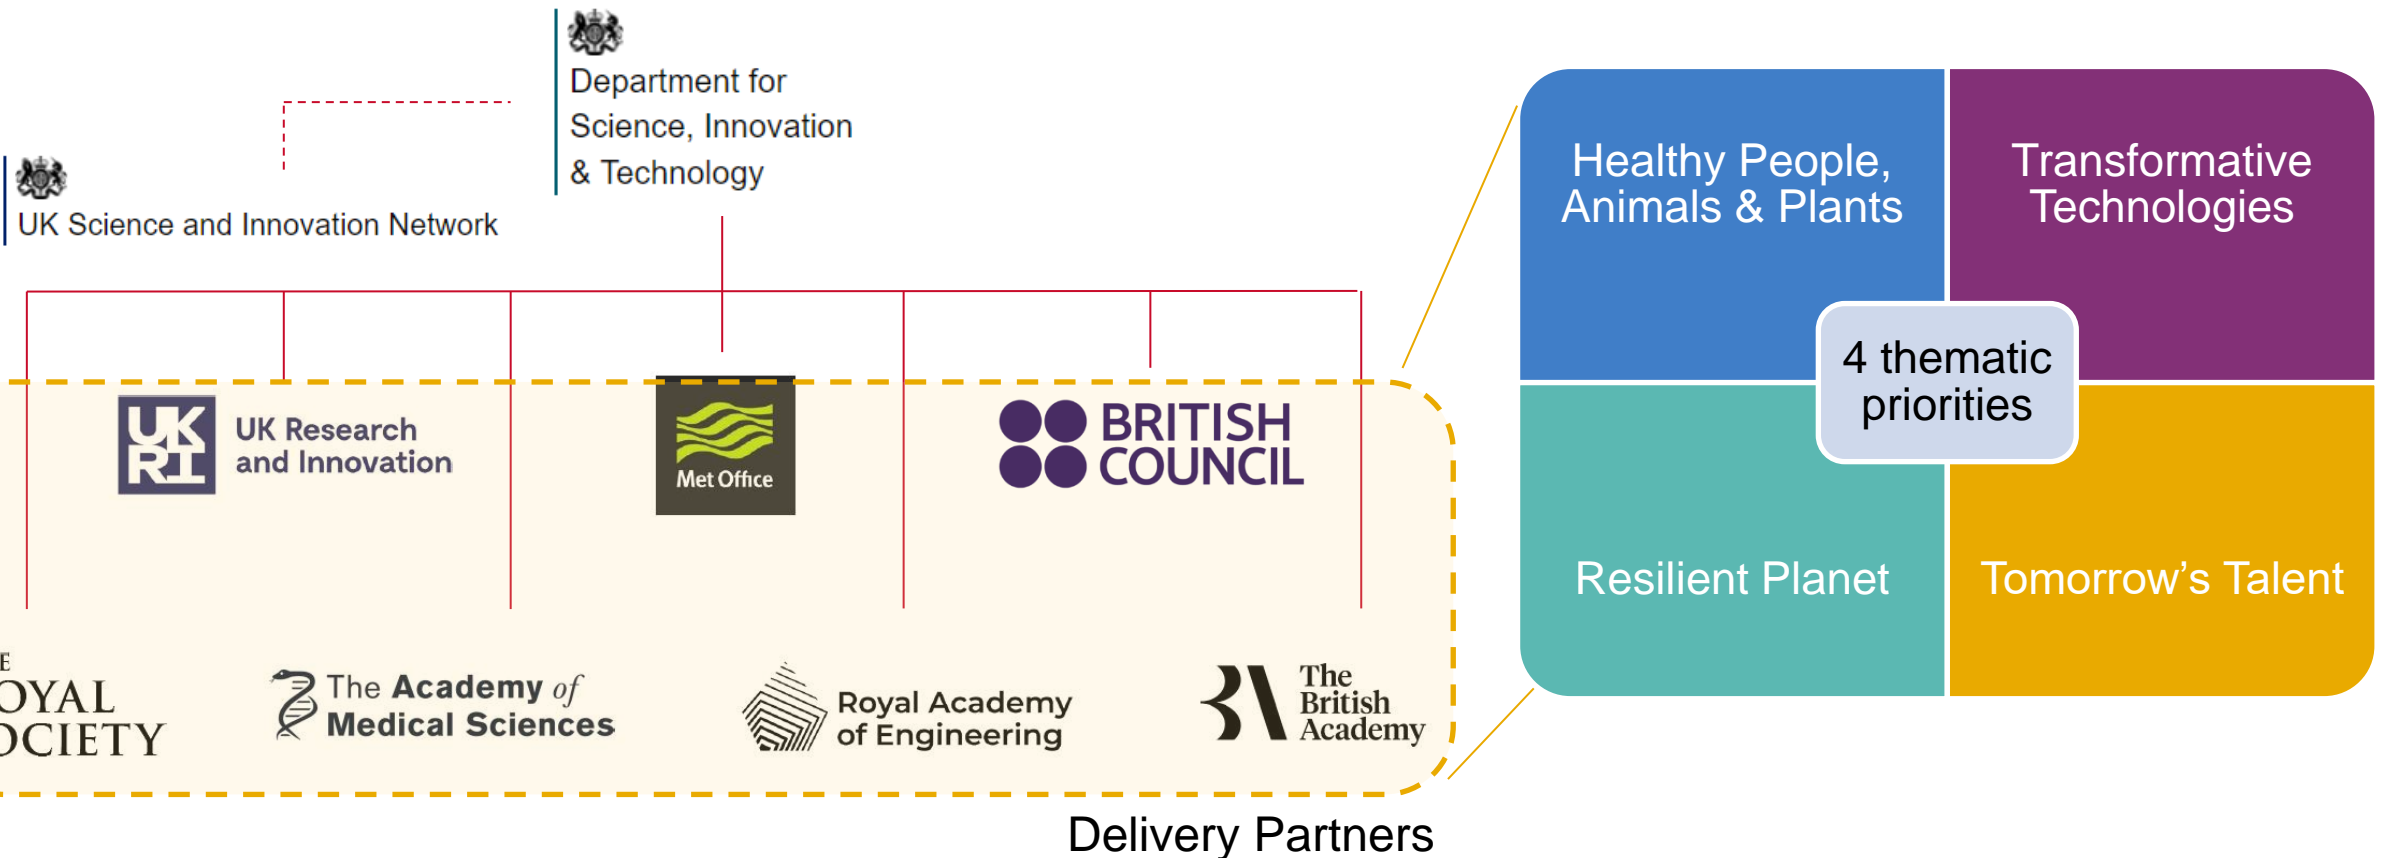

**Contributions towards SDGs** through international partnerships.

Enable countries to **collaborate in an agile way.**

Equip countries with **robust R&D ecosystems.**

**Strengthen connections** of R&D community around the world

# International Science Partnerships Fund (ISPF)
